Greetings from Techfest, IIT Bombay!

Techfest IIT Bombay is Asia's largest Science and Technological Festival and this year it's going to be held from 3rd-5th December.
Every year we have a great and innovative ambience to depict the Theme of our Festival.

Our motivation is to give an opportunity to other college students to work as a team and plan the whole structure and execute the Ambience of Asia's Largest Science and Technological Festival which would be a great learning curve in their lives.
We would like to invite 20-25 students from "Ramnarain Ruia College" to help us Ideate and execute the Ambience in our Festival.
In return, we would provide them with a 15 days Internship Certificate signed by Faculty Advisor of Techfest IIT Bombay with free accommodation and food and beverages services.

For further information please refer to the following links.
Official Website: http://techfest.org/
Lookback to Techfest 2018-19: lookback
Official Aftermovie 2017-18: aftermovie 2017-18
Hoping for a positive response and would be more than ready to furnish further details.

Interested students can register with Dr Manish Hate.

Thanks and Regards,
